

Invitation IDK goes Opera

WITH LIVE-DEMO

We are pleased to invite you to our event "IDK goes Opera" in Berlin!

Together with our partners Analog Way and Yamaha, IDK Europe and VIDELCO will show how modern AV technology can succeed together.

We will demonstrate practically and vividly what is possible today in theater and opera thanks to innovative technology – without tunnel vision, but as a common vision that drives Analog Way, IDK Europe, VIDELCO and Yamaha.

Our program is just as multifaceted as the interaction in front of, on and behind the stage: the Aquilon in combination with SDVoE features, Yamaha, the strikingly low ultra-latency of SalrayWorks cameras or the proven combination of IDK equipment with the products of other manufacturers. Attendance is free of charge.

When: **September 08, 2022**

Where: Deutsche Oper Berlin, Germany

Referents: Analog Way, IDK Europe GmbH, VIDELCO Europe GmbH, Yamaha
